

Whirlpool freestanding fridge: inox color - SW8 AM1Q XWR (329773)

FreshControl

Fresher, for longer

The 6TH SENSE Fresh Control technology continuously monitors the temperature and humidity in your fridge, creating the ideal conditions for storing your food, and allowing it to be preserved for up to 4 times longer.

Reversible Door

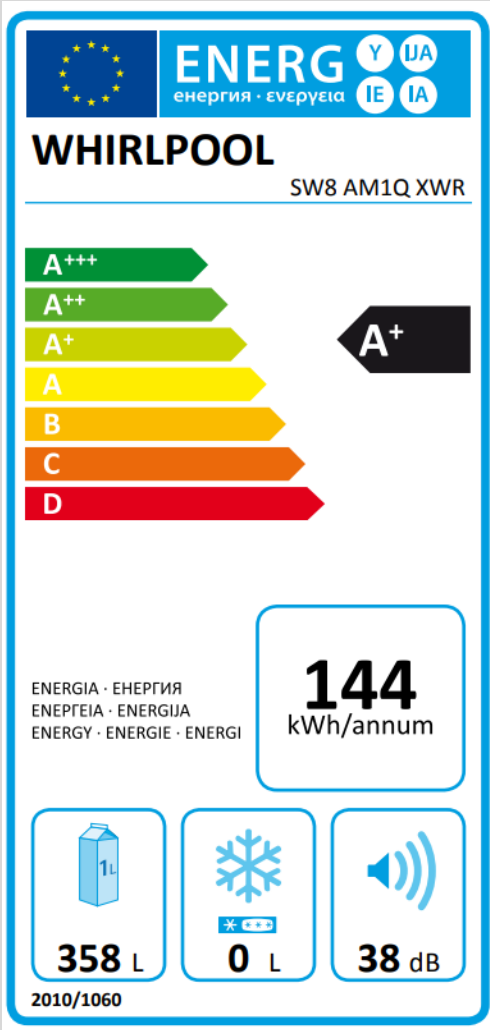

For your convenience

This Whirlpool Refrigerator features a reversible door, which can be opened from left or right, for your convenience.

A+ Energy Rating

A+ energy rated appliances are among the most energy efficient cooling appliances on the market, using 25% less energy than A class appliances and up to 45% less than B rated appliances, meaning lower running costs and energy bills for you.

The image shows a standard European energy label for a Whirlpool refrigerator. At the top left is the European Union flag. To its right, the word "ENERG" is written in large letters, with "енергия · ενεργεια" below it. Further right are four circular icons: "Y IJA" and "IE IA". Below this, the brand name "WHIRLPOOL" is printed in bold, followed by the model number "SW8 AM1Q XWR". The central part of the label features a vertical scale of energy efficiency classes from A+++ (top, green) to D (bottom, red). A black arrow points to the A+ class. Below the scale, the energy consumption is listed as "144 kWh/annum". At the bottom left, there are three icons: a milk carton labeled "1L" with "358 L" below it; a snowflake with "0 L" below it; and a speaker icon with "38 dB" below it. The number "2010/1060" is printed at the very bottom left.
